User Interface

This section describes the main interface elements of the software, including navigation, menus, and toolbars.

Overview of the UI

The main interface consists of the following components: - **Navigation Bar:** Located at the top for easy access to different sections. - **Sidebar:** Provides quick access to tools and settings. - **Main Panel:** Displays the main content.

Navigation

Use the navigation bar to switch between different sections of the software.

Menus and Toolbars

The toolbar contains buttons for common actions such as save, edit, and delete.
